

ON SITE TRAINING

Reliance Hexham offers on site training specially suited to your company, this will be delivered by our TAA accredited trainer.

Training packages are available for technical staff on:

- Couplings & Drawbars
 - Slope Haulage
- Hoisting Equipment

The training packages are geared to suit the customers needs and requirements. Our technical staff will discuss what outcomes you wish to achieve with the training and the presentation will be built around the customer requirements.

Training can be held on you company site or at our premises.

The Training Package

The training package is fully computerised, with all attendees receiving a full training manual and are issued with a Certificate of Participation.

Our technical trainers are on hand after the presentation to answer any questions your staff may have. All technical training for mine site personnel is in line with current Australian standards.

Reliance Hexham has provided training to various mines and industries throughout Australia and overseas.
